

NOTICE OF COMMUNITY INFORMATION SESSION

PROPOSED WIND FARM IN ADELAIDE METCALFE

Venfor Inc. is hosting public meetings to engage with the community to provide information on the proposed Strathroy Wind Development project. The purpose of the proposal is to answer the call to the Independent Electricity System Operator's ("IESO") call for energy bids into the Long Term 2 Procurement. The IESO has recognized the need for additional energy for their future outlook, and wind energy will play an important role to fill this need. Interested community members will be able to engage at the public meetings or submit written questions or comments during or after the sessions.
